

These helpful instructions will guide you through the advanced steps to get your Byron door chime ready for use. Please follow the steps below:

1. **PLEASE NOTE:** The 3 AA batteries required MUST be brand new and of good quality. The battery for the bell push is pre installed and ready for use.
2. Insert the 3 AA batteries and the unit will ring.
3. On the back of the door chime unit there are two buttons, using a pointed object please **HOLD** down the Learn button see picture → for 10 seconds, the unit will ring within this time and you can now release the button (if the unit did not ring please follow step 1).
4. Now press the Learn button this time for two seconds and release. The chime will ring.
5. The bell push will not operate very close to the door chime, please hold the bell push in your hand at arm's length away from the chime and press the bell push. The door chime unit will now ring to confirm pairing.

Well Done! The unit is now ready for use. Enjoy your Byron product.

Oops this did not work?
