Control Switches  
TV Telephone  
Data Sockets

## Decorative Metal Wiring Accessories in assorted plate finishes

A comprehensive range of decorative metal wiring accessories now available under the single DECO brand. A brand that is synonymous with high specification, high quality, long life and unprecedented value for money.

Each product is supplied individually packaged in its own distinctive printed box complete with comprehensive fitting instructions.

DECO switches feature the same modular switch design as our moulded ranges. All of the switch modules featured in our dedicated MODULES brochure can therefore be used in any combination on DECO accessories.

All Deco 13A Sockets and Fused Connection units are tested and approved to BS1363 offering assured quality and safety.

# Switches

Modular Ingot Plate Switches  
Dimmer Switches | Toggle Switches

All DECO switches are supplied complete with requisite switch module(s). However, should local conditions dictate, the installer may customise a switch arrangement by substituting switch modules by means of a simple, single fixing screw.

A comprehensive range of available modules is illustrated in our dedicated MiniGrid brochure section.

Unfurnished mounting plates can be ordered separately and furnished with whatever selection of switch modules may be required.

All Deco switch plates are modular as standard, allowing you create virtually any switch plate you require

e.g. Two way switch next to an intermediate switch (shown above).
