A cutting template is supplied with each electrical accessory

Grid Fix and Eurofix options also available (see separate GRID-IT and EuroFix sections)

Step 1

Having applied the desired wall covering and cut away from the wall box aperture, insert and fix the accessory using the two screws supplied.

Step 2

Using a spare piece of wall covering that matches the pattern exactly, carefully cut out the shape of the front plate using the template supplied.

Step 3

Place the cut out piece of wallpaper into the back of the clear front plate.

Step 4

Position and snap the front plate onto the accessory backplate using the integral clips to conceal the accessory and fixing screws.
